

Use the handset as an intercom and speak with the person at your door!

### AMPLIDECT595 U.L.E DOORBELL

The AMPLIDECT595 U.L.E DOORBELL is composed of a cordless amplified phone (**50dB**), a doorbell with intercom system (DOORBELL595 U.L.E) and an audible and visual warning system (RINGER595 U.L.E). With this new device, you will be alerted to when someone is ringing at your door thanks to the RINGER and the AMPLIDECT595 U.L.E cordless phone. This combination will also allow you to speak with the person at your door via the cordless handset of your telephone.
