

Visual indicator (Blue LEDs)

## DESCRIPTION

The WALLOOP is a sign with a built in magnetic loop for Tele coiled enabled hearing-aid wearers.

The WALLOOP functions by connecting to a magnetic loop amplifier such as the LH160V2 (part of our range).

WALLOOP is the ideal solution for Hearing Aid users at restaurant drive-in window, service counters, toll booths, etc. ...

## FEATURES

- ➔ 1 metre of cable 2x1mm<sup>2</sup> (varnished copper)
- ➔ Dimensions : 150 x 150 mm Thickness : 10 mm
- ➔ Visual indicator of the magnetic field level
- ➔ Material :
  - Bottom plate : Acrylonitrile Styrene Acrylate (ASA)
  - Upper plate (HAC icon) : Poly Methyl Methacrylate Acrylic (PMMA)
- ➔ Wall mounting by 2 screws
- ➔ Works with our LoopHear products: LH102, LH150, LH155 and LH160V2
- ➔ Weight: 0,153kg
- ➔ Available colour: blue
