

INSTRUCTION MANUAL **En**

!!!Please refer to our website: www.geemarc.com for an up to date user guide, as there may be important updates and changes you need to be aware of !!!

Cautions:

Precautions and maintenance

- For indoor use only
- To avoid risk of fire or electric shock, do not expose the unit to moisture or condensation.
- To avoid overheating, do not block the ventilation holes on the back of the Clock Display.
- Keep the Clock Display out of direct sunlight.
- Do not dismantle the Clock Display. There is a risk of electric shock and there are no user-serviceable parts inside. Dismantling the Clock Display will void your warranty.

Cleaning the LCD Screen

- Treat the screen carefully. The screen of the Clock Display is made of glass and can easily be broken or scratched.
- If fingerprints or dust accumulate on the LCD screen, we recommend using a soft, non-abrasive cloth such as a camera lens cloth to clean the LCD screen.
- Moisten the cleaning cloth with a cleaning solution and apply the cloth to the screen.

Introduction:

Thank you for the purchase of the Clock Display. It is designed to allow you to see the time quickly and easily and any warning functions displayed.

Please read this User Manual carefully to use the Clock Display correctly.
